- MIP/MPR
- DICOM Archiving
- Image Library & CME
- Telemedicine Interface

A PRESCRIPTION FOR EFFECTIVE MANAGEMENT

Mediware has several precise advantages over other healthcare management systems in improving efficiency at all levels.

Here's what Mediware can do to strengthen your healthcare organisation and make life easy for patients and employees:

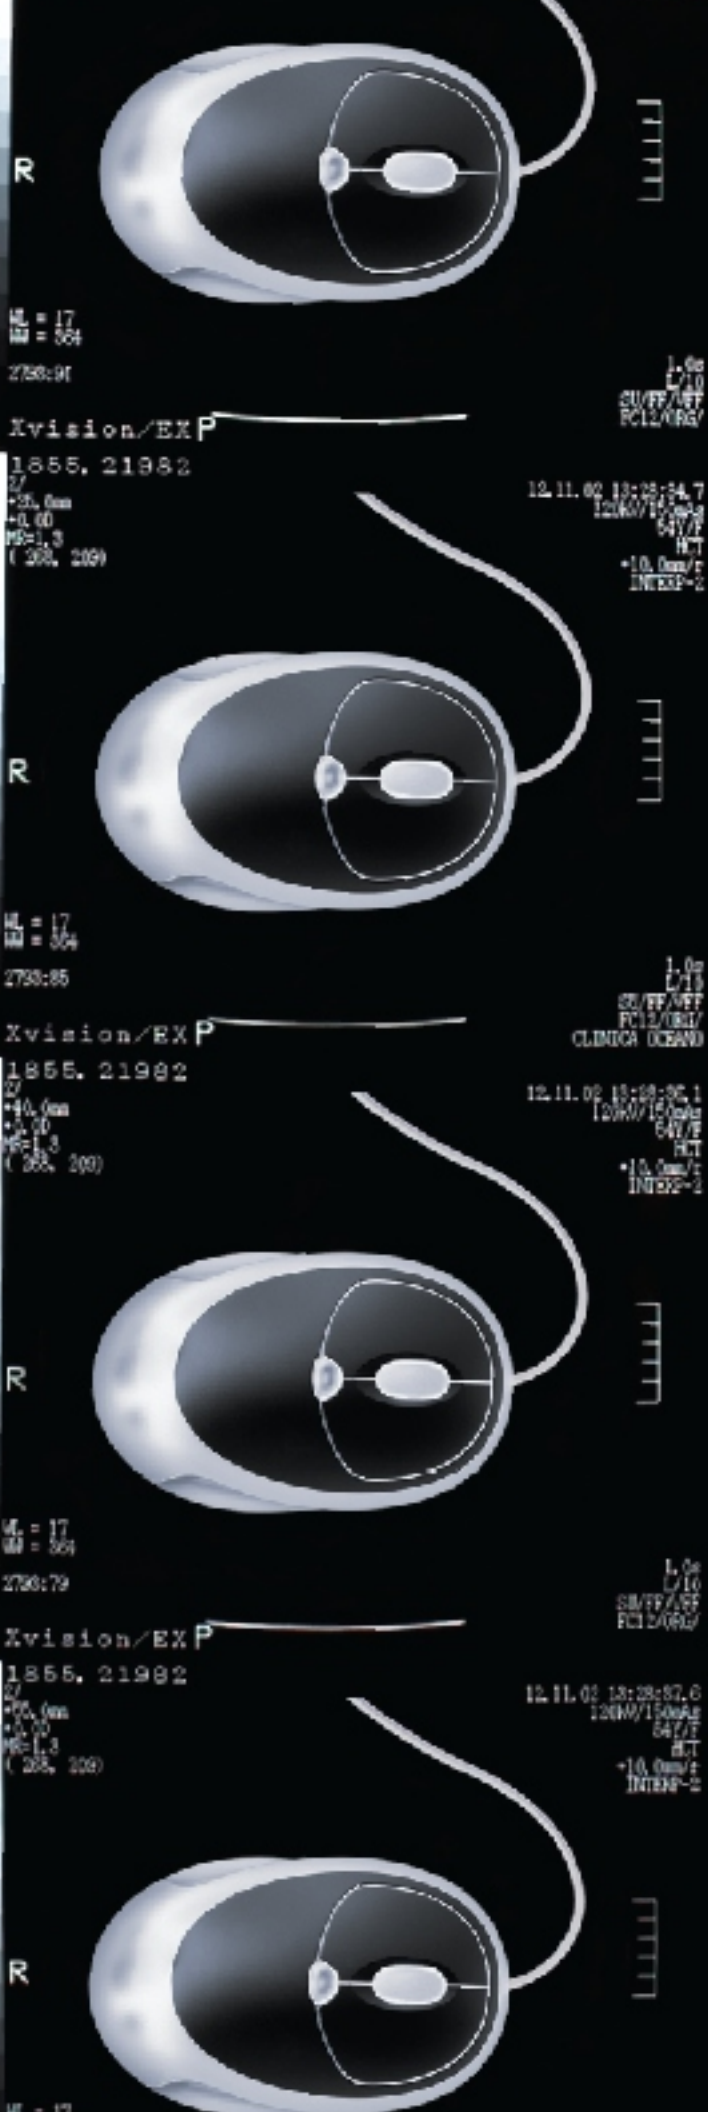

- Administrative workload can be streamlined
- Test results can be prepared on time
- Better control over nursing care and medical audit
- Restriction of pilferage and wastage of supplies
- Up-to-date bed management and allocation procedures
- Easy access to patient's clinical data for doctors
- Optimum return on resources
- Easy to use for healthcare employees
- Facilitates timely service and better care for patients

THE RIGHT DOSE OF TECHNOLOGY

Mediware has many customised features that helps provide better patient care and ensures higher efficiency in your organisation.

- Automated Messaging (Mobile SMS)
- Automated E-mail system
- Bar Code Integration
- Web-based appointment booking
- Attendance time capture interface
- International coding for diseases
- Medical Equipment interface
- Schemes and Packages
- Automatic Purchase Order in PDF format
- Electronic Medical Record
- Integrated with Telemedicine and PACS
- Supports PCs, Thin clients and Tablets
- Supports Windows, Linux and Solaris servers

A DEEP KNOWLEDGE OF HEALTHCARE DOMAIN

We listen to our customers, relying heavily on their specialised knowledge of healthcare processes and clinical best practice. We attach enormous importance to customer input, as it is essential to the introduction of solutions that are customised, practical and beneficial. An increasing number of healthcare provider organisations in India and abroad now rely on Mediware to manage patient information and drive improvements in their core processes.

We are grateful to those organisations that have placed their trust in us to meet their strategic and operational information requirements. We remain committed to meeting their needs as they stand now and as they evolve over time.

CUSTOMISED SOLUTIONS FOR EVERY ENTERPRISE

Mediware is a flagship product of Datamate Infosolutions Pvt. Ltd., a leading provider of client-server & web solutions based in Cochin, India with over 800 installations across a range of verticals including hospitality, health, finance and automobiles.

A customised software development company, Datamate helps its global clientele meet their tactical, strategic and business goals through successful, cost-effective implementation, integration and support of software packages and technology infrastructure.
