

An integrated platform solution for end to end human resource management

Automate processes, empower employees, and free up resources

A robust HR management solution that provides powerful tools for every part of the HR cycle - from recruitment to retirement.

“ Working with the team at SutiHR has been an absolute pleasure! Everyone is extremely helpful when explaining how to navigate the portal. ”

- HR Manager, VaxCare

Why SutiHR?

Simplify your HR Management process

- Create hierarchies, pay structures, employee benefits, and training schedules
- Clearly define individual and team goals, metrics, and KPIs for performance appraisal
- Automate the payroll and benefits administration processes
- Get immediate notifications about requisitions, approvals, and work reports
- Create project plans and assign tasks to team members online

Empower employees while reducing HR workload

- Allow employees to view and manage personal information
- Enable employees to submit requests, manage approvals, and change benefits
- Allow employees to monitor, apply for, and cancel leaves
- Let employees perform peer and self evaluations during appraisal period
- Allow employees to raise complaints, issues, and any other requests

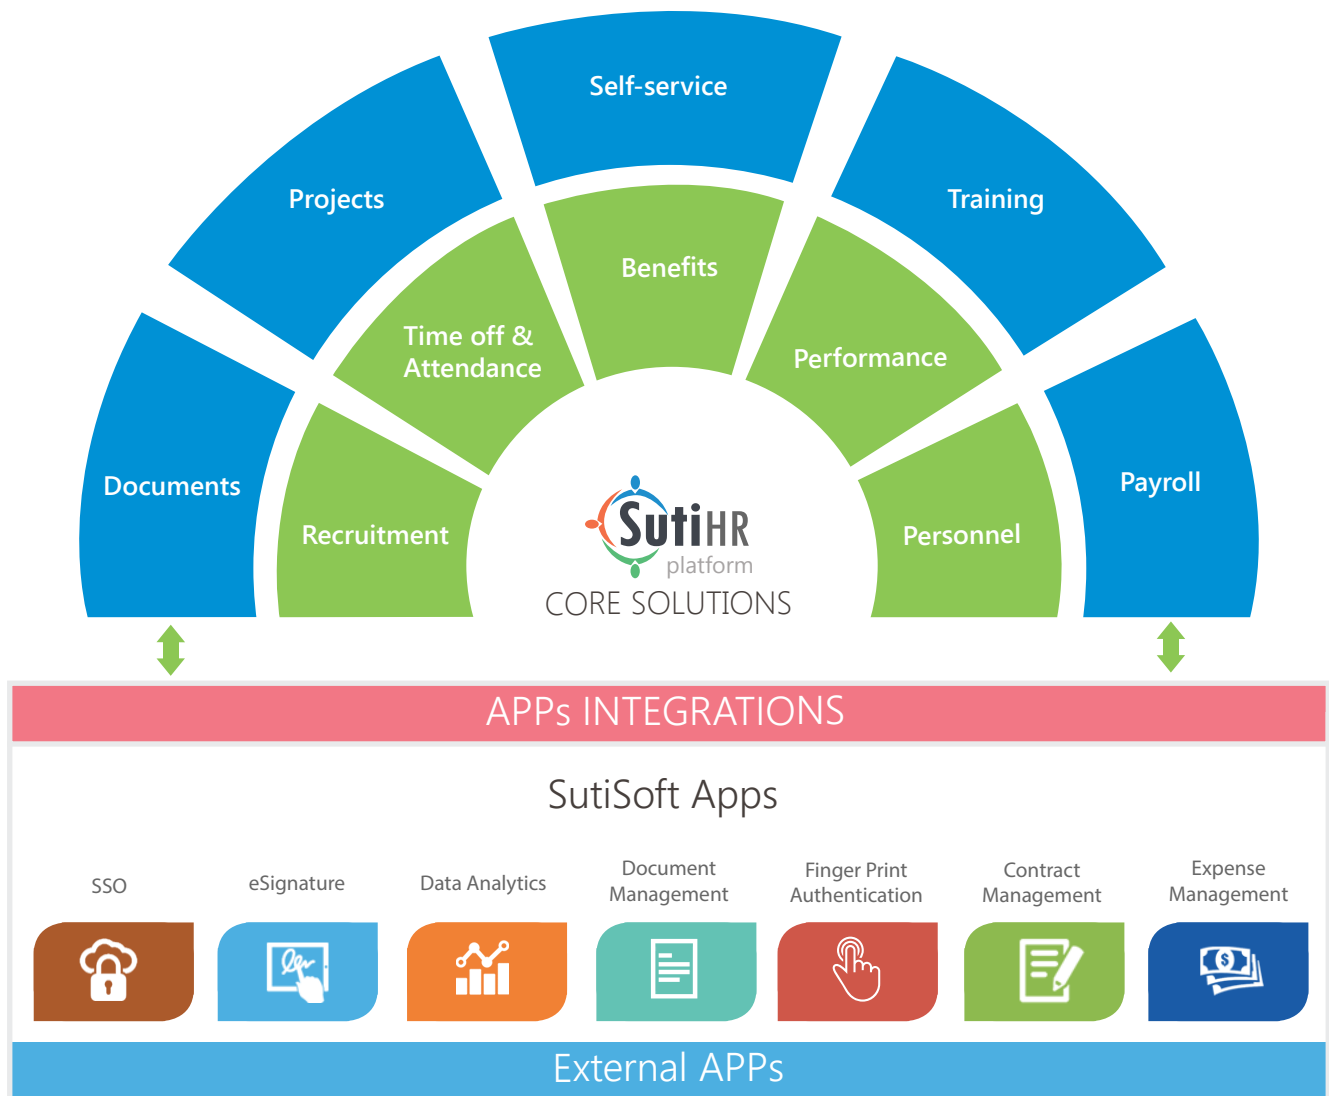

Leverage the modular design and seamless integration with third party solutions

- Generate detailed reports of various critical HR processes with the analytics module
- Analyze reports and act swiftly to increase process efficiency
- Leverage e-signature for faster approvals and sign offs
- Integrate seamlessly with third party solutions

Some of our happy customers worldwide

SutiHR Cloud Platform
