GET EVERYTHING YOU NEED TO AUTOMATE PAYROLL & COMPLIANCE IN ONE PLACE.

Guided Payroll Run

With payroll run wizard, you'll run payroll like 1-2-3 without missing anything and will always pay accurate salaries and taxes.

Payslips & Bank Statement

Payslips, bank statements, and payroll registers are generated automatically after payroll run, for quick salary payment.

Auto Capture of Attendance

Leave details are automatically captured, so you don't need to maintain attendance registers. Biometric devices can be integrated.

Leave/Expense Management

Employees can apply for leaves & expense claims from mobile app and their managers can approve them with click of a button.

Paybooks keeps your business compliant with payroll laws

Paybooks auto calculates taxes and generates compliance reports such as PF, PT, ESI, TDS, and Form 16, in ready to upload format, for easy payment and filing.

Employee Exit Management

Auto generated full & final settlement reports help you to quickly make final payments to employees when they leave your company.

Document Management

Documents of employees such as address proofs and birth certificates can be stored online and accessed from anywhere, anytime.

Letters and Forms

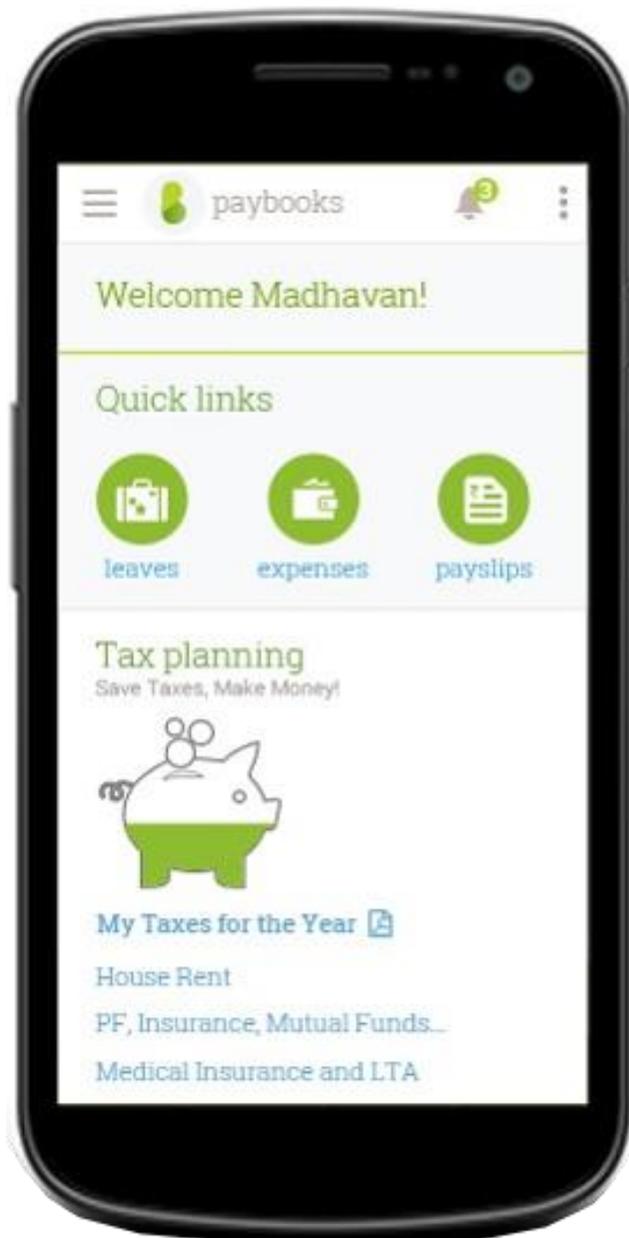

Joining letters, experience letters, and other such documents can be created instantly, with dynamic drag and drop templates.

MIS Reports

Reports on attrition, increments, attendance, leaves, transfers, loans, birthdays, expenses, etc., facilitate better decision making.
