

What is Helpdesk???

Keeping up with customer support requests is a complex and multifaceted challenge.

Email Helpdesk Made Better!

Whether your customer support hero is a lone warrior or a group of hundreds, Abhisi makes it easy to care for your customers because it works just like email.

Abhisi provides single point of access for help desk technicians to work with requests that come in via email, phone, and social media

Our Motto

Create a helpdesk for all and to keep it clean and simple.

Head office- Mississauga, Ontario, Canada

Why Abhisi????

Abhisi believes in keeping it simple. Our ready to use help desk does just one thing really well - lets you provide amazing email support that will WOW your customers!

Painless for Your Customers.

No Passwords to remember and no Ticket Numbers or case IDs. None of that nonsense.

A Delight for Your Team.

With quick predefined replies and requests assignable between team members, answers can be sent with a just few clicks.

Hassle Free for Everyone

No training required. Whether you're a team of 1 or 100, provide awesome customer support with fast setup and zero server maintenance.
