CUSTOMER
RELATIONSHIP
MANAGEMENT

01. RMS - PAYROLL INTEGRATION

RMS & Payroll are integrated when an offer is released to candidate. This ensures the CTC definition is in sync across both modules.

02. RMS - HCM INTEGRATION

RMS integrates with HCM module to on-board the new joinee as an employee on the date of joining. This ensures the candidate's information is in sync across both modules.

03. AUTOMATED ONBOARDING

Employee onboarding is completely an automated process which includes agreement signing, registering employee information, asset management, fulfillment & induction training.

04. BULK PROCESSING

Simplico™ enables bulk processing for employee agreements, reporting structure & assets.

05. BUSINESS CONTINUITY

Go to market fast and keep your business up 24 x 7 by leveraging the power of cloud with zero investment on IT infrastructure, maintenance and disaster recovery.

06. SaaS Model

SaaS eliminates the expense of hardware acquisition, provisioning maintenance & software licensing. Plug in & Pay per user or usage.

07. MOBILE APP

Manage HR and Payroll data on the go with our Simplico™. Mobile app available in Google Play and IOS App Store.

08. DATA MIGRATION

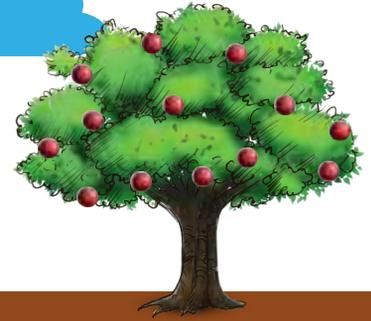

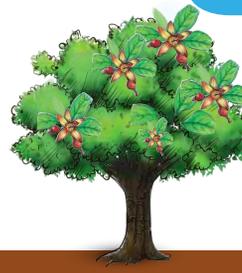

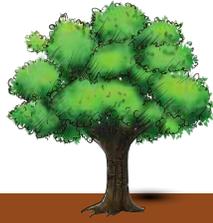

Existing employee & payroll data migration templates & scripts are available to enable fast onboarding of customer organization into Simplico™.

09 e-Filing

File your returns for TDS, PF and ESI with Simplico™. Get reminders along with due dates for filing of ESI, PF and TDS to avoid interest and penalty charges.
