“ Let our 10 years of HR management consulting experience drive your business by bringing all aspects of human resources management together by integrating any or all of the following solutions with 4 HRMS. ”

Recruitment Management: Manage, Track & Hire The Right Talent For Your Company

It saves your valuable time in hiring the right candidate by providing customizable workflows and smart ways to manage resumes. One of best Recruitment Software in India, we provide a Hire-to-Retire platform that is easy to use, customizable and requires minimum configuration.

Employee Self Service: Give Power to Employees, Let them plan their Own Leave

Gone are the days when the employee is forced to approach HR for every concern, query or request. With the ESS features, the employee can initiate leaves requests, expense claims, etc. at their convenience and with no intervention. This in turn, leaves the HR free to focus on more pressing matters.

4 HRMS-Complete Solution

Training Management: A win-win for both.

Plot your career growth through regular trainings by using an interactive calendar. HR can provide feedback, manage attendance and align KRAs accordingly which in turn involves the sharpening of skills, concepts, changing of attitude and gaining more knowledge to enhance the performance of employees.

Leave & Attendance Management: Track Employee Attendance, Leave, Work Hours & Productivity.

Wanna keep track your employees' hours ? A comprehensive and integrated time management module enables employees to record their arrival, departure, lunch break in and out and additional break in and out and provides managers with detailed information about attendance records, absenteeism, overtime etc. If employees know they're being tracked, they'll be more conscientious about it. Having an automated and more accurate solution will help you operate more efficiently.

Employee Help Desk: Be Anywhere. Deliver Happiness Per Ticket

Respond to tickets quickly with response templates. Write them once and use them forever. Closing tickets is as easy as a swipe. Whether you're waiting for a take-away or doing the dishes, get work done and deliver pure awesomeness.

4 HRMS-Complete Solution

Payroll & Compliance Management : Get salaries out in just minutes instead of days!

It automates the pay process by gathering data on employee time and attendance, calculating various deductions and all types of statutory compliances i.e. P.F., E.S.I.C. , T.D.S. and Professional Tax & L.W.F. (Both State-wise)., and generating periodic pay cheques and employee tax reports.

Multiple Pay Roles and Pay Heads, grade/cadre based rules, flexi-format inputs, Overtime calculations, Special Allowances etc. You name it - our Payroll Processing Software has it. Best of all, it is fully implemented in under 4 days.

HR Analytics: Dashboard to stay on top of your work

If your organization is reasonably big, there are a dozen things that you need to keep track of to be an effective HR professional. New additions, employees who are resigning, birthdays, anniversaries, confirmations — there is so much to handle.

This robust HRMS provides a powerful dashboard that quickly gives you a bird's-eye-view of all the action that's taking place. Even better, you can quickly drill down and complete your work right from the dashboard. Very convenient and highly productive.
