INCREASE YOUR SALES TODAY WITH INVOAY SOFTWARE

We solve the issues hampering business and revenue generation”

Invoay software solutions is totally bespoke and configured to run the way you want. We create your price and product list and can customize the services you sell to your unique requirements. Our POS is made to address problems related to different areas of salon, spa and wellness business, which range from billing, appointments, staff attendance, payroll and their performance track, stock and inventory, menu and consumables, customers, payments and many more.

From automatic appointment reminders to advanced marketing tools, we are always looking to evolve and improve our offerings to best meet your needs. Salon and spa owners know what's best for their business, so we listen to them to ensure Invoay continues to offer true benefits to its users. Whether its thefts at cash register, menu update, tax calculation, price update, client follow-ups, pricey and erroneous manual labor or lack of sufficient sales reports, our software is built to solve issues and serve you and help you thrive in your niche.

Our user-friendly software is equipped with wide range of functionalities and provide you with accurate and up to date business performance information enabling you to make informed decisions about your business. We understand how hard it's to manage a successful hair salon, spa and wellness business, so our user-friendly software and dedicated customer service is designed to help you focus on your clients.

Using Invoay software saves your valuable time, leaving you free to spend more of the working day looking after your clients and keeping your team motivated.”

INVOAY SOFTWARE IS THE LEADING CHOICE AND RECOMMENDED BY ITS GROWING CLIENTS

Invoay Software itself is very easy to use & If our staff can learn how to use it, anyone can. It has all the features which a salons and spa would need. Packed with features this salon management tool has not only helped us organize our day to day operations but it's increased our client retention & turnover.

We find Invoay Software is always growing and improving its software which is a big plus when the demands are getting higher in today's small business. I am thrilled to say that it's the easiest program to use. It's very user friendly and their customers service / team support is always willing to help and guide you in the right direction with lots of patients.
