

Infor Expense Management

Get new capabilities with Infor 10x

Extend the value of your Infor™ solution and take advantage of technologies that can change the way you work with Infor 10x, the latest release of Infor's proven business applications. You get access to new capabilities in the areas of social business, mobility, analytics, and integration. You also benefit from major enhancements across Infor's core product lines, including Infor Expense Management.

Experience the new Infor Expense Management

Infor XM software reduces the cost and increases the effectiveness of employee-initiated expenditures and revenue processes, including those for travel expenses and entertainment expense claims, travel planning and pre-trip approval, rechargeable time capture, and supplier payment initiation. Modular by design, the solution lets companies select only the capabilities that address their specific business requirements and gives them the flexibility to grow.

With the new release of Infor Expense Management, you can increase administrative control, support growth strategies, and expand your capabilities with new functionality and enhancements, including:

- **Native mobile access for the Apple® iPhone® and iPad®, and Android® smart devices**, making it easier for employees to submit and manage expenses reports remotely.
- **New localizations** that allow you to deploy faster, better, and more cost-effectively than ever before and support rapid global expansion.

Infor 10x represents the evolution of our technology platform, which features purpose-built middleware, as well as social, mobile, analytics, and cloud solutions.

- **Expanded integrations**, including integration with Salesforce.com; Infor ION integrations to Infor M3, Infor LN, Infor ION Business Intelligence, and Infor Motion; and updates to existing ERP connectors.
- **Enhanced administration, reporting, and budgeting capabilities** that provide single currency reporting, budget integration, document recall, dual currency support, and system administration wizards.

Increase the value of your solution and make the most of your maintenance investment by upgrading your Infor Expense Management solution.

10x common component adoption
