

A 360° solution for Managing Residential & Commercial Complexes.

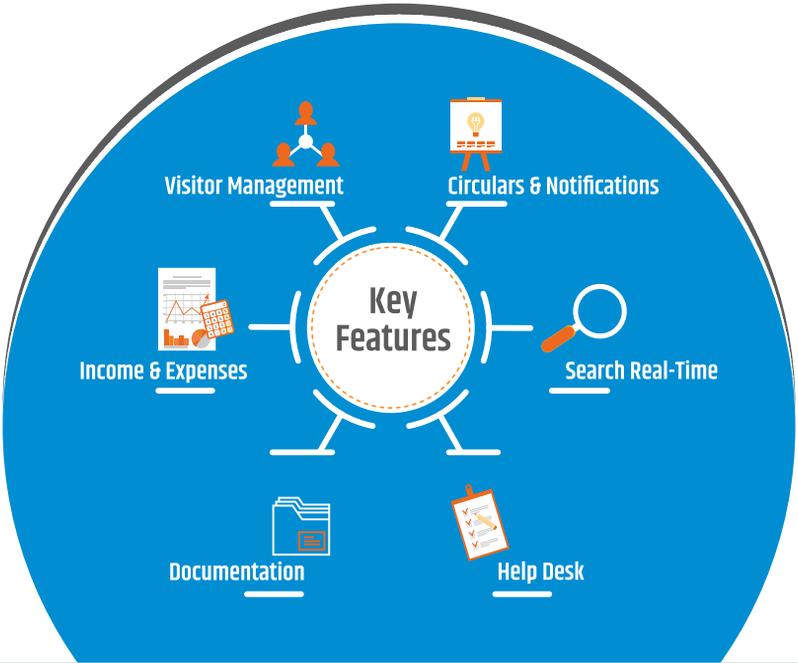

About us

We provide comprehensive software solution for Societies, apartments, residential & commercial complexes. We understand the day-to-day challenges faced by property owners, tenants, committee members, office staff, board members, accountants, auditors, security etc.

We at ENCORE360 believe that these challenges can be solved with the help of technology.

All we need to do is document, communicate & be transparent.

What We Provide

Why us

Remember those prolonged and frustrating meetings, discussions, arguments trying to reach conclusion on any infrastructure issue, complaints, income and expenses, communication, parking issues, regulations and policies, notices etc. Literally, we spend enormous amount of time and money not only on weekends but also during week days and still not everyone is on the same page. We provide one stop Solution.
