

eTechSchoolBus

Smart & Safe GPS Tracking Solution

eTechSchoolBus is a complete school bus security solution. According to a survey, it has been found that parents are extremely worried about their children when they are on the way to school in

school bus. The key reason of worrying is increase in crime; rash driving of school bus driver etc. Hence the tracking of school bus is the ultimate solution.

Start Tracking & You Start Knowing

Basic GPS Tracking Systems:

- ▶ Alerts like Geofencing, GPS/Power CutOff, Over-speeding can be set for school admins.
- ▶ In order to provide real time vehicle location to parents, eTechSchoolBus offers an Android App.
- ▶ Android Notifications are used to keep parents notified about the Alerts generated by Smart Engine of eTechSchoolBus.

GPS + RFID Systems:

A smart card is provided to each student which contains student ID information. At the entrance of the bus, Smart Card Reader will be provided (Internally its connected with GPS Device).

Students need to flash the Smart Card

- ▶ While entering into the bus at pick-up point (Pickup)
- ▶ While leaving from bus at school (Pickup)
- ▶ While entering into the bus after school (Drop)
- ▶ While leaving bus at drop point (Drop)
