Analytical Reports

CASHLESS CAMPUS

ONLINE FEE PAYMENT

Now all fee related information and payment facility is available at the click of the mouse. With eConnect, fees can be paid online with real time receipt generation facility.

SMART CARD

A smart card is a payment card embedded with a computer chip. Funds are pre-loaded onto the cards. The smart card system can be used at books shop, stationery shop, Cafeteria and uniforms shop at the campus. Having an electronic wallet allows students to shop safely, while funds can be added by parents or rewarded by the school.

WEBSITE

- Creative design as per institution theme
- Responsive for different screen size
- Fully Dynamic to update Images, Events, News, Inquiry etc
- Integrated with ERP
- SEO Friendly
- Google Map, Geotag of Schools
- In-house team to maintain and update website
- Hosting on dedicated servers and 100% security of content

INFORMATION KIOSK

Self Service Kiosk can automate repetitive tasks, eliminate paperwork, save human time and effort, improve life for both students and teacher and distribute information in an extremely efficient manner.

- Access eConnect Portal
- Looking up results
- Printing out the timetable
- Notices for students
- Filling up forms, applications
- Information on administrative issues
- Publishing news and events
- Personalized course schedules, academic records and billing information for students
- Provide students the latest news on education

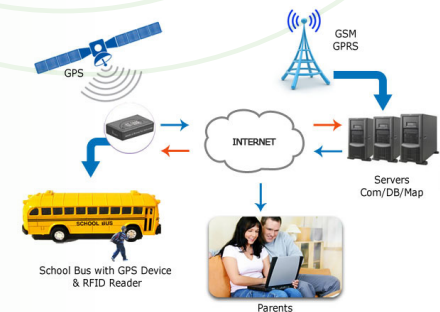

Interactive Kiosks are making an impact in schools

GPS ENABLED

Benefits

- Real-time monitoring of transportation assets
- Improved conveyance management
- Regular monitoring to prevent delays in bus arrivals
- Tracking the halt, speed and idle state of buses
- Tracking students on board the bus
- Dealing with unforeseen situations
- Instant notifications to parents/guardians.

IMPLEMENTATION STRENGTH

On-Site Coordinator

Ensure regular and on-time data entry

System Study and Gap Analysis

Understanding of process and matching with system

Customization

Customization of reports as per school formats

Data Porting

Initial data porting from excel for students, staff etc.

Training

10 days integrated training programme

Implementation & Reviews

Project roll out and feedback from the users

Continuous upgradations

Regular upgradations in the software

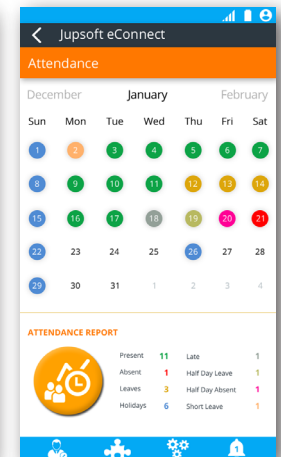

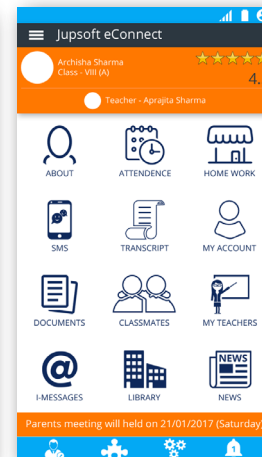

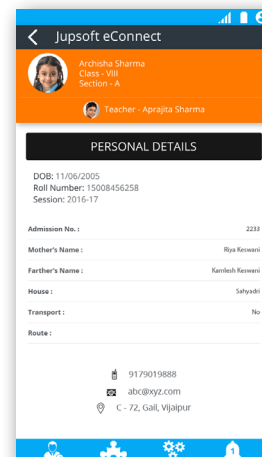

Regular handholding & Training

Frequent training on-site and online

MOBILE APP

Jupsoft eConnect mobile application is a smart tool and a complete and comprehensive package which includes all eConnect facilities at one point. Elegant and eye catching features enable parents to get all information of their wards instantly. They can easily view the photo gallery, read notices, view the monthly planner, communicate with teachers and do a lot more...

THE COMPANY

Established in 2004 by a team of young expert software professionals, Jupsoft is one of IT majors today in providing educational institutions integrated modules to manage all the processes online. Consistently delivering mission, our team has been delivering technically challenging projects under tight timelines, while also providing exceptional customer service and support to our clientele. This in turn has led to extremely positive long-term working relationships all over. Our detailed project process was created to ensure our projects are completed on-time, on-budget, and to our clients complete satisfaction.

WHAT OUR RESPECTED USERS SAYS...

We live in the information age and in the education sector it has become imperative to be connected to the parents of the student through technology. The Jupsoft eConnect ERP software installed by Jupsoft Technologies Pvt. Ltd. in our school has helped in establishing better communication with our students and parents and helps us to inform them about their ward's progress attendance and fee payment on time.

Vanasthali Public School, Vasundhara

The Jupsoft Technologies Pvt. Ltd. is a great boon for an educational institution. It has added seven stars to the technological aspect of teaching-learning process and also it has brought much credibility to our faithful relation with parents. The eConnect has given new wings to the educational commitments and has brought an evident standard to the entire system of Institution administration. eConnect service provider has served multipurpose usage in our educational journey.

Delhi Public School, Rudrapur

Jupsoft Technologies provide their services in professional manner, with predetermined time constraint. For this they charge us a very reasonable fee. We highly recommend Jupsoft eConnect services to all the schools as it adds value to the school IT system.

Queen's Mary School, Rohini

The purpose of this letter is to express my complete satisfaction with the outstanding services provided by Jupsoft Technologies Pvt. Ltd. We found a "company" who mastered "technology", "accountability", "best practices", "commitments" and "scalability" and "flexibility" to provide a real time, user friendly and personalized school management package.
