## Time-table

Time-table publishing, Teacher substitution, Student & Teacher time-table on app

## Online Assessments

Quiz for students, timed quizzes, consolidated result for teacher

# myly Mobile App

For Parents, Teachers & School Administrators

World-over, research has proven that higher the involvement of parents in child's activities, better is the learning outcome. With myly app, parents now have a one-stop place to look at for all school information. They can make fees payment, apply for leave, access homework, circulars and even communicate with teachers over the app.

Teachers love myly's mobile app solution as it allows them to complete their daily tasks in minutes.

It automates attendance, allows them to send homework and create events and photo albums to share with parents. They can send messages to parents and reply to their queries.
