❖ e-journal Set up

The screenshot displays a web-based interface for managing an e-journal. On the left, a 'Main Menu' sidebar contains a 'Site Manager' section with options for 'Layout', 'Pages' (highlighted), 'Images', 'News', 'Indexing', 'Conferences', and 'Advertisements'. The main area is titled 'Publication' and features a toolbar with buttons for 'Refresh', 'Save', and 'Images'. Below this is a rich text editor toolbar with various icons for text formatting (bold, italic, underline, strikethrough, subscript, superscript, text color, background color), alignment, indentation, bulleted and numbered lists, link creation, unlink, and image insertion. The editor content shows a paragraph of text with some words in italics and a link, demonstrating the formatting capabilities.

Standard Website with User Editable Pages

All it takes for your e-journal set up is a few mouse clicks. Bring simplicity, speed and transparency to the publishing process. Choose the color theme to match your preference. Get all the special features you want in a matter of few minutes.

❖ Editor Section

The screenshot displays the Editor Section interface. On the left, a 'Decision' menu lists options: Select Item, Publish, Reject, Send for Revision, and Send for Review. The 'Reviewed Manuscripts' option is highlighted in the 'Main Menu' on the left. The main area shows a table of reviewed manuscripts with a context menu open over the second row, offering actions: Publish, Reject, Send for Revision, and Send for Review.

❖ Articles in XML format

The screenshot displays a journal website interface. At the top, a dark blue navigation bar contains links for Home, Editorial Board, Current Issue, Archives, Author's Guidelines, Submit Manuscript, and Publication Ethics. The main content area is titled "Current Issue" and lists articles from Volume 3, Issue 1, January-March 2015. A magnifying glass highlights a specific article listing, showing the following details:

- Title & Authors Name:** Solid Lipid Nanoparticle: UV Protection
- Authors:** Madhigaonkar P, Prabhavalkar K
- Pages:** 1-7
- Actions:** [View] [Download PDF] [Download XML]

Below this, another article is listed:

- Title & Authors Name:** Stability-indicating high-performance thin-layer chromatographic (HPTLC) method for estimation of Pramipexole dihydrochloride
- Authors:** Jain P.S., Gorle A., Patil S., Chavan R., Bari P., Surana S.
- Pages:** 8-14
- Actions:** [View] [Download PDF] [Download XML]

A third article is partially visible:

- Title & Authors Name:** Pharmacognostic and Phytochemical Study of Boerhaavia Chinensis (Linn.) Aschers. Roots
- Authors:** Manoj V. Girase, Gokul S. Talele
- Pages:** 15-19
- Actions:** [View] [Download PDF] [Download XML]

On the right side of the page, there are sections for "Most Viewed Articles" and "Most Downloaded Articles", each listing a featured article. At the bottom right, there is a "Track Manuscript" button.

Cite & index your articles easily in various indexing agencies. Through our Journal Management System, the articles get automatically published in XML format, which is acceptable by Pubmed. The XML version of the article can be downloaded through a link next to it.
