

## Overview

Sailotech focuses in business process reengineering with expertise in technology driven transformation of enterprises. We bring value to businesses by recommending the right ERP. We also provide GST solution for ERP. Specializing in complete integration solutions tailored to fit the specific industry needs, we can support business ecosystem. Driven by the passion for customer satisfaction, we believe in efficiently delivering promised business outcome.

We make sure that project timelines are met with utmost transparency and ensure business process transformation of enterprises through actionable intelligence. Our objective is to exceed customer's expectations by leveraging the skills of our best in class IT professionals. We are headquartered in Fulton, Maryland, USA and have clients in Hong Kong, Japan, India, Singapore and USA.

The implication of the GST is beyond tax and will touch upon every part of your business. New indirect tax regime will have a far-reaching effect on the pricing of products, services, supply chain optimization, accounting, IT and compliance systems.
