Attendance Management System

24 Hours Attendance Management System, part of Wallet HR, comes with/without biometric device and tightly integrated to payroll. The product has been designed and developed with 22 years of domain experience. Our software can work on existing select models of biometric device without the need to reinvest in machines.

Acclaimed as the best integrated attendance software by the gurus of the industry. Call us to know more.

HR-On the Go

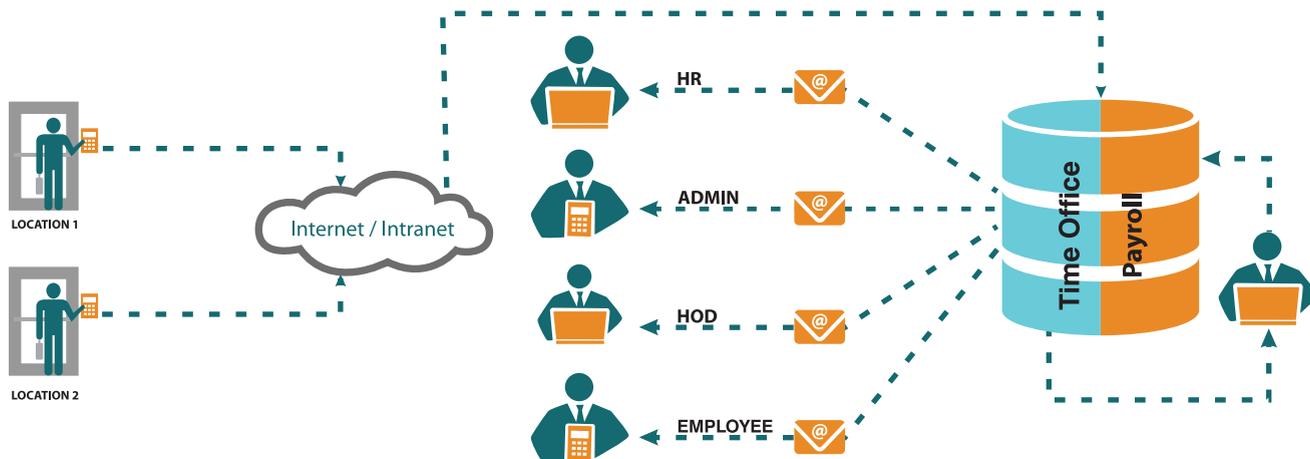

Payroll Features

Payroll is one of the most complicated activities in many organisations. Wallet-HR helps in automating the payroll process and help companies to comply with the statutory requirements and to generate timely and accurate reports pertaining to payroll and HR thereby enabling better utilization of manpower resources.

- Dynamic creation of pay groups or category
- Dynamic creation of earnings and deductions components and their calculations
- Online PF and ESI reports
- Loans, advances and arrears management
- Full and Final Settlement

“ We have implemented all the modules of Wallet-HR in our organisation. We are very happy to mention that the product works great and the Crystal team implemented the solution at cheetah pace with good understanding. Very commendable job considering the size of our organisation. We have integrated attendance devices across our 45 locations to centralised attendance software and integrated to payroll along with other modules. As a result of complete HR automation we were able to save atleast 7% on our turnover year on year. We are extremely delighted to have chosen Crystal HR as our solution provider. ”
