SOLUTION

A one-stop solution for all Institution Management needs

WHAT IS JUPSOFT eConnect?

Jupsoft eConnect is an integrated and comprehensive platform for educational institutions to manage their complete IT solutions and communication between stakeholders. It is a software designed especially for institutions like schools, colleges and institutes to enable systematic, efficient and smooth day-to-day functioning.

This paperless automation solution eliminates repeated data entry and helps institutions to work smart and focus on what they do best - impart education!

It helps the management in executing proper control on the functioning of an Institution, take better informed decisions and enhance the image of the institution. It takes care of all institution management processes and requirements, right from admission to alumni...

Stay connected... Anywhere, anytime!
