Here's what parents have to say...

"Thank you SO much for creating such a wonderful product that not only enables me to do my job easier and faster than I would otherwise but also WOWS my parents at every turn"

-Priti Doshi Primary Colors Kolkata

" In the past staff would use their phones and text parents pictures directly, which obviously had many drawbacks. The event calendar makes it easy for parents to know when kids have special days and events. Individual parents really seem to appreciate all the different features and functions illumine has to offer. I personally love that we (the center) now have a way to keep the pictures staff take"

-Naina, Little Kids kolkata

"As a working father I can spend long hours in the office. The ability to see my kids photos of activities brings me a little closer back into their lives through the working week."

– Navneet, Father

"We are a busy family of five with several close members living in different cities. It can be difficult to stay in touch, especially in real-time, with many genuinely news-hungry relatives while the young ones grow so fast. Illumine does all that for us!"

– Aditi, Mother
