# Features available with Kizeo Forms

Our solution offers a lot of smart features that turn digital forms into a real modern alternative to replace paper documents.

## Geolocation

This option allows you to locate exactly your position by pinpointing it on a map or by giving you your accurate GPS coordinates.

## Electronic signature

Authenticate your reports thanks to the electronic signature. Anyone can sign on the spot, which makes the document official.

## Photos

Take pictures from your smartphone or tablet to illustrate your reports. You can also send those pictures by e-mail.

## Audio

Record voice messages via your mobile device and retrieve or send the audio file. A very convenient option for long testimonials or interviews!

## Barcode

This option is perfect for inventories! When scanning with your mobile device, all the references associated with this item will appear.

## Table

The table option allows to repeat the same kind of data entry but with different values.

## Drawing

Draw on your digital form any kind of sketch or draft to illustrate your report. Include it in your document.

## NFC tag

Associate several elements of your form with an NFC tag. When scanning it, all the data will show up automatically.

## THERE ARE MORE OPTIONS ON THE ONLINE PLATFORM!

Send automatically emails

Create user groups and manage the access rights

Generate and export documents in different formats

**A lot more options available!**

# 6 Reasons Why You Should Use Kizeo Forms

Using digital forms instead of paper documents has a lot of assets

## SAVE TIME

Save countless hours of work. Once you have set and filled out your digital form, a customized report will be sent instantly. After a long day of work, there is no need to come back to your office to type in your computer the data from the paper document.

## MAKE MORE MONEY

Stop wasting money on paper, cartridge or printer. Most importantly, your employees won't spend that much time doing paperwork, which means **reducing labor cost**. Moreover, the instant follow up that you will be able to bring will help you **convert leads** into satisfied customers.

## BE MORE EFFICIENT

Your documents will be easier to find. The information will flow more quickly. Modernize your business by implementing **standard processes**. This will give you more credit and make you look more professional which will inspire **trust** to your customers and partners.

## INTEGRATION

It is possible to integrate Kizeo Forms with the internal **IT system** of your company or with your **CRM**. This way, the updates will be done automatically which will save you a lot of time.

## DATA STORAGE

Once your data input is completed, it will be **safely stored** on our servers and will remain **available at any time**. You can even set up your account so that your files will directly be saved on **Dropbox** or on a **FTP** server.

## BE ECO-FRIENDLY

Create a **paperless workplace** and reduce your **carbon print**. You will contribute to save the planet and comply with the new international **environmental standards**.
