

DIGITAL LIBRARY MANAGEMENT SYSTEM

KEY FEATURES

MULTIUSER ACCOUNT SYSTEM

Access for admin, teacher, student and parent.

RESPONSIVE USER INTERFACE

System will run over all kinds of devices seamlessly.

PROFILE SYSTEM

Edit profile settings as you wish.

LIBRARY MANAGEMENT

Systematic management of all library books.

CHART & GRAPH ANALYSIS EXAM MARKS

Chart & graph representation of exam marks.

RTL SUPPORT

Supports right-to-left text alignment.

MULTIPLE LANGUAGE SUPPORT

Supports 21 different languages.

EASY CUSTOMIZATION

Easily customizable with the help of understandable documentation.

**Acquiro Digital Library Management System
for all Types of
Educational Institutions (School, College and Institute)
Professional Institute (CA, Law Firms, Doctors
Complete Integrated System with Barcode, SMS and Email**

Administrator

Admin- Creat User and Member Card, Add Book and Generate Barcode, Issue and Accept Book Return, Check Books Inventory

Teacher

Teacher As Member- Request Books and Use them for Teaching in class or Read Book online.

Student

Student As user- Request Book, Collect Physical Books and Read Digital Books on-Line on Mobile or Web.

Guest

Guest - Read Digital Books on-Line on Mobile or Web.

BOOKS MENU- LIST AND VIEW, READ, DOWNLOAD OR PRINT

The screenshot displays the ACQUIRO- Library web application. At the top, the header includes the library name, a navigation menu icon, the user profile 'Admin Admin' with an online status indicator, and the Indian flag. The left sidebar contains a 'MAIN NAVIGATION' menu with options: Home, Books (selected), List, Add Book, Authors, Categories, Import CSV, Label/Barcode Print, Circulation, Notify Delayed Members, Admin Panel, and Settings. The main content area shows a document viewer for page 6 of 311. The document text includes a list of points about the 'MONEY VALUE OF TIME' and a section on 'Goodwill'. A context menu is open over the text, offering actions like 'Go to First Page', 'Go to Last Page', 'Rotate Clockwise', 'Rotate Counterclockwise', 'Enable hand tool', and 'Document Properties...'. The footer of the document reads 'Copyright ©Virtual University of Pakistan' and the page number '6'.

Page: 6 of 311 Automatic Zoom

- Another important concept to remember in all businesses is that of **MONEY VALUE OF TIME**
- Time spend by the owner also has value; he should be remunerated for it.(The time of the proprietor or business persons spent on the business is also a business cost and must be paid for by the business in addition to the profit)
- Why? Because if the business person had employed somebody else in his place, the person would be paid a salary.
- Therefore, a business person's **time and money** both have costs attached to them. Nothing is free nor should be expected to be free of cost.

Goodwill

- Then there is something called GOODWILL.
- This is simply the value attached to the good reputation earned through good, clean conduct of business over a number of years.
- This good reputation also has a value and becomes part of investment in business

Is Cash in Hand Our Profit?

CIRCULATION MENU- BOOK RETURN REMINDER MESSAGE

The screenshot displays the ACQUIRO- Library admin interface. A modal window titled "Remind" is open, allowing the user to configure a reminder message. The modal includes a "Type" dropdown menu (currently set to "Please select..."), a "Subject" text input field, and a "Message" text area containing the text "Please Select Type to load a Template".

The background interface shows the "ACQUIRO- Library" header, a user profile for "Admin Admin" (Online), and a sidebar with navigation options: Home, Books, Circulation, Notify Delayed Members, Notify, Email/SMS Templates, Admin Panel, Settings, Requested Books, and Reports. The main content area features a "Remind" button, a "Show 10 entries" dropdown, and a table with columns for "Book Title", "Sales Pe", and "Book Title". The table shows one entry with a checked checkbox. Below the table, it says "Showing 1 to 1 of 1 entries".

At the bottom of the interface, there is a footer with "Copyright © 2018 ACQ" on the left and "Version 2.40" on the right. A search bar and a table with a "Due Date" column (showing "2018-12-19") are also visible in the background.

Financial Accounting (Mgt-101)

Learning Objective

- The objective of this lecture is to introduce the subject "Financial Accounting" to the students and give them an idea as to how did accounting develop.

What is Financial Accounting?

- It is the maintenance of daily record of ALL financial transactions in such manner that it would help in the preparation of suitable information regarding the financial affairs of a business or an individual.

Why is Financial Accounting Needed?

- The need for recording financial transactions arises because the individual or business wants to know the performance and to assist the person in making decisions related to the business.

What Are Transactions?
