

#MakeEveryDaySimple
with the all new **TallyPrime**

*At Tally, innovation never stops. Our drive to simplify the lives of business owners never fades. That is why, we have gone a step further to **#MakeEveryDaySimple** for you.*

**Presenting TallyPrime
the all-new business management solution.**

Here's what we have done to enhance your experience further.

1

Simplified the simplest so you can discover the product easily and make the product do more for you without learning anything new

2

Introduced greater flexibility to help the product adapt even more to your business and way of working

3

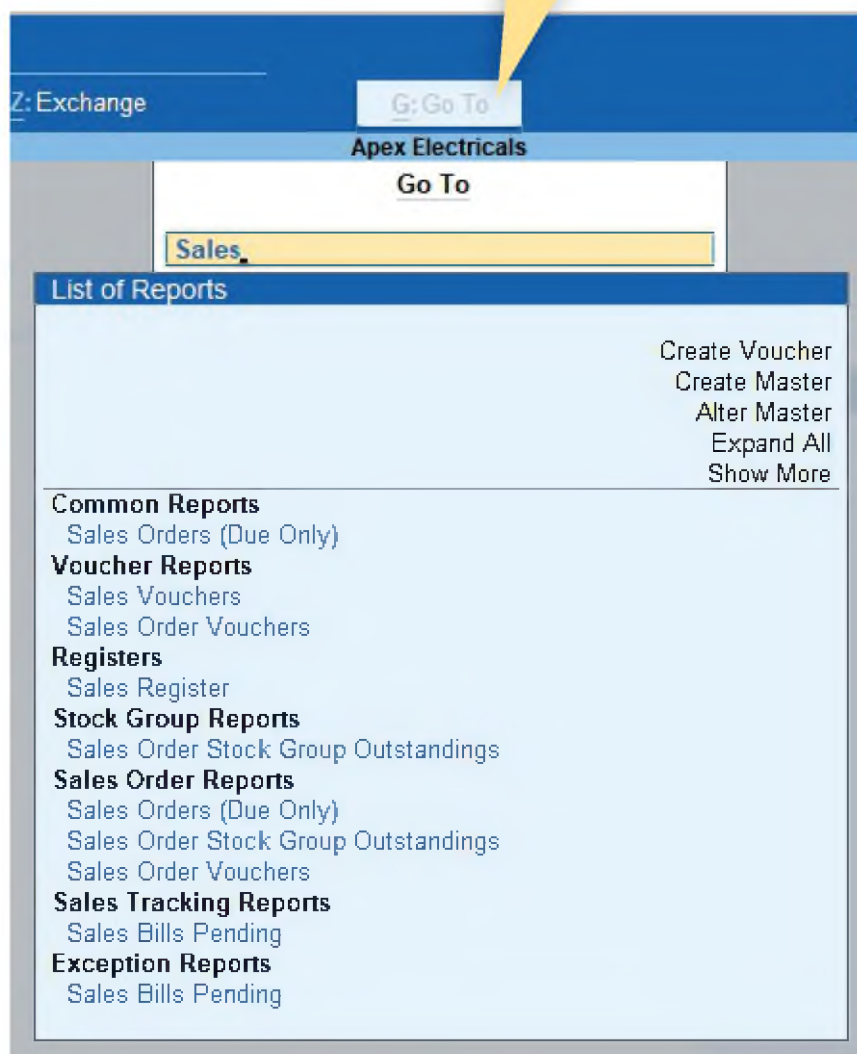

Transformed the look and feel to make you love the product even more

Simple additions. Everlasting impact.

While there are several experiences that we have introduced in TallyPrime, here are a few that we believe will make you love the prime experience and never want to go back to the older versions!

GoTo and SwitchTo

This new capability helps you find things which you might not have known about or what they could do for you, and discover new insights to run your business better. It also helps you multi-task better, moving from report to report while keeping track of your previous actions.

Enhanced Reporting Engine

Little things that make a whole lot of difference

Here are some more enhancements that have been introduced to make your life simpler and delight you.

- The product comes with an intelligent setup manager, that can interact with all the components of the system where Tally is running and guide you to troubleshoot any licensing or application run-time issues
- Printing out your invoices and reports is not only much more convenient in TallyPrime with the print anything from anywhere capability, but also eco-friendly. You can now save up to 80% of paper with the optimized way of printing when it comes to specific vouchers like GST invoice
- Introduction of Windows key combinations like Ctrl+C and Ctrl+V adds to harmonization
- Now navigate Windows folders from within the product while finding a location to either create company data in or to load existing company data
- Mouse compatibility has been enhanced so that you get the same level of convenience as a keyboard
- Introduction of Single Sign-On experience so you can load multiple companies with the same credentials using a single log-in
- Introduction of Change Mode to toggle between the various modes of a transaction without needing to worry about pre-configurations

Ready to move to TallyPrime?

A valid TSS subscription ensures that you can move to TallyPrime for free. If you don't have one, all you need to do is visit www.tallysolutions.com. Alternatively, you can also get in touch with your Tally Partner.
